Policy Statement and Curricular Aims

Grange Park Primary School provide an exciting, balanced and varied programme of activities in physical education that will contribute to each child's physical and emotional development. We strive to create a positive attitude towards P.E. with correct coaching. It is hoped that the children will gain enjoyment from physical education and pursue sporting activities in their private lives, thus promoting a healthy lifestyle.

From September 2021, all pupils from Years 1 – 6 will participate in two weekly PE lessons. One session will be led by a specialist sports coach and the second by their class teacher. During EYFS and KS1 (EYFS- Year 2), children focus on developing key skills such as throwing and catching, running, balancing, performing sequences of movement etc. During KS2 (Years 3-6), pupils develop and refine these skills and apply them to different games/sports e.g. football, tennis, Tag-Rugby, athletics, dance, gymnastics and begin to develop tactical and teamwork skills. Our curriculum is based on the Val Sabin schemes of work for Gymnastics, Dance, Games and Athletics.

We introduce children to a range of sporting activities and encourage them to appreciate how such interests can enrich their lives. The playground has been marked out to encourage netball, football and hockey. We also run daily lunch time football tournaments on our school 3G football pitch. We also take part in the Daily Mile, which encourages staff and pupils to walk, jog or run a mile during the school day.

We provide a number of 'extra-curricular' sport sessions as we feel physical potential can be enhanced by including children in teams for internal and external competitive events. During the Summer Term certain year groups have weekly swimming sessions at Abraham Darby Academy and we aim for all pupils leaving the school to be able to swim at least 25m. All pupils in year 6 have the opportunity to attend Arthog Outdoor Education Centre on a school residential.

Thanks to strong links with local sporting clubs, we are able to help and direct individuals who wish to develop their sporting activities further and several have progressed to District and County standard whilst still attending Grange Park. The school aims to try and ensure that each child achieves their true potential in the range of sporting activities it provides.

School websites are now required to include details of their provision of PE and sport, alongside details of their broader curriculum, so that parents are able to compare the sports provision between schools, both within and beyond the school day. Here is a link to the sports section on our school website: https://grange-park.eschools.co.uk/web/sport_at_grange_park_1/229800

Health and Safety

Everyone has a duty under health & safety guidelines to ensure PE activities are carried out with due regard to the safety of staff and pupils in line with school, Local Authority and Health & Safety Policies.

Reference should be made to the school's Risk Assessments and the **British Association of Advisers and Lecturers in Physical Education** (Baalpe) safe practice document which outlines specific PE guidance.

(The **Baalpe** safe practice documentation should be consulted for further guidance)

- Staff should carry out risk assessments with the children at the start of all PE lessons.
- All equipment, apparatus and environment should be checked before the start of every lesson by the teacher/coach and is the responsibility of the teacher/coach.

- Children should be given health and safety guidance throughout the lesson.
- All jewellery should be removed and stored safely before each lesson.
- If children wear stud earrings they should be taken out by the child. If this is not possible, the child should be given tape to cover their earrings. Children must place and remove the tape independently.
- All long hair should be tied back.
- Suitable clothing should be worn for each lesson.
- All children taking part in indoor Gymnastics for PE should be bare foot during the session.
- For indoor Gymnastics for PE, children should walk to the hall with suitable footwear on.
- All children with verruca's should cover them with a waterproof plaster.

When travelling to a sports event, the appropriate risk assessments are completed and the followed issues addressed:

- All children and adults to wear seat belt.
- All supervising adults to be aware of risk implications.
- All supervising adults that attend hold a current DBS.
- All transporting adults to be fully insured.
- Parents' permission for taking children out of school obtained.

Safe-practice standards are consistently applied by staff, students and other visitors, across all aspects of the school.

Assessment and Recording

Pupils' progress will be monitored and recorded by the individual class teacher to set realistic targets for the individual pupil, based on their strengths and weaknesses and in line with national guidance and expectations. At the end of each unit, an indication of whether children are working at below, borderline, just within, within, greater depth or above age related expectations will be recorded on Cornerstones Maestro.
