Mission statement

Grange Park Primary school is part of the family of schools in the Community Academy Trust and, as such, we share the vision of Ensuring Excellence alongside our school ethos of Proud To Shine. Our approach is based on a fundamental belief that all young people have talent and the potential to achieve more than they ever thought possible.

Achievement in three main areas:

Academic: Excellent standards and outstanding progress are a prerequisite for success in life equipping young people with the skills and knowledge they will need to be successful, happy and productive citizens.

Social: Excellent relationships for learning are a prerequisite for all other achievements. Relationships that engender mutual respect between young people, and all other members of our academies' communities will ensure learning can be fun in a disciplined and caring environment where the highest expectations are the norm.

Personal: All young people achieve things they can be proud of every day in addition to academic success and outside our school's planned curriculum. We have a vital role in ensuring individuals develop their own talents and interests and have a responsibility to instil in them a sense of pride in who they are and what they achieve.

General principles

Our curriculum will give children the opportunity to:

- learn within a coherent and progressive framework
- experience the challenge and enjoyment of learning
- see clear links between different aspects of their learning

Purpose

It is our aim, through these principles, to develop independent and interdependent, lifelong learning strategies whilst nurturing our pupils' aspirations, confidence, curiosity, imagination, self-respect and responsibility to others.

SMSC/FBV

Our curriculum will give children the opportunity to:

- Cultural - Appreciate cultural influences; appreciate the role of Britain's parliamentary system; participate in culture opportunities; understand, accept, respect and celebrate diversity
- Tolerance and respect - To respect and tolerate the opinions or behaviour of others

SMSC/FBV

Our curriculum will give children the opportunity to:

- Social - Use a range of social skills to participate in the local community and beyond; appreciate diverse viewpoints; participate, volunteer and cooperate; resolve conflict
- Moral - Recognise right and wrong and respect the law; understand consequences; investigate moral and ethical issues and offer reasoned views
- Spiritual - Explore beliefs, experience and faiths, feelings and values; enjoy learning about oneself, others and the surrounding world; use imagination and creativity and reflect on experiences

Purpose

At Grange Park Primary School, we give conscious endeavour to ensure that we develop students' moral, social, cultural and spiritual selves alongside fundamental British values. This underpins all that we do, formally and informally, in the curriculum and beyond and as members of our community. The aim is to ensure students have conscious understanding of themselves, and that they develop a set of personal values as citizens.

Many aspects of SMSC and FBV development are covered through day-to-day activities and within assemblies as well as through our main curriculum. In addition to these activities, we have a range of events during the year to support this alongside a varied enrichment programme.

Our aim is also to develop students' character - in particular their resilience and their confidence, as well as the academic knowledge and understanding so that they can thrive in the world beyond school.

We believe SMSC and FBV development makes a huge contribution towards both formal attainment and to wider outcomes in and beyond the School.

Well-being

Our curriculum will give children the opportunity to:

- build respectful friendships
- recognise that people are good at different things
- reflect and think mindfully about their learning
- develop self-esteem and confidence in their abilities
- work in a range of groups and settings

Purpose

At Grange Park, we commit to making it our mission to promote resilience and positive wellbeing for all our pupils and staff. We understand wellbeing as a state of being comfortable, healthy and happy. We will drive the message forward, to ensure that mental health is "everyone's business" across the whole school community. We

will strive to create an environment, which has a whole school approach, in providing excellent mental health support, understanding and intervention. We will put Wellbeing at the heart of our school to ensure successful learning and commit to our policies reflecting this.

Pupil voice

Our curriculum will give children the opportunity to:

- take part in age-appropriate discussions
- make choices about things that are important to them
- make a positive contribution to the school and local community
- express their opinions on a range of different topics and issues
- take part in democratic activities across the curriculum

Purpose

We believe that pupil participation is integral to our school's vision and ethos. We have clear structures in place to capture pupils' views and provide pupils with a range of opportunities to influence decisions which affect them whilst helping the pupils to develop their interpersonal skills. Through their involvement, pupils develop valuable personal and social skills such as listening skills and working with others.
